

# JOGO DA MEMÓRIA

# INSTRUÇÕES

## Material:

Tesoura

Cola

Cartolina, EVA ou papelão

## Preparação:

Imprima as cartas do jogo em papel A4 e recorte cada carta para separar os pares.

## Objetivo:

Reconstruir os pares.

## Como Jogar:

O jogo da memória pode ser jogado por um único jogador ou vários jogadores. Vire as cartas para baixo, embaralhe e espalhe-as pela mesa. Cada jogador deverá levantar duas cartas de uma vez para que todos os jogadores possam ver. Se as duas cartas viradas forem diferentes, o jogador deverá devolver as duas ao mesmo local, com o desenho para baixo, e passar a vez. Se as cartas forem iguais, o jogador ganha o par de cartas e recebe outra chance de jogar. O jogo termina quando todas as cartas forem removidas do jogo.

Dica: Ao virar as cartas, tente memorizar os desenhos e o local que elas estão. Assim, quando virar uma nova carta, você tenta lembrar se já viu o outro par dela no jogo.

## Sugestão:

Cole as cartas em cartolinas, papelão ou EVA, para dificultar a visualização do desenho no verso. Pode ser um ótimo momento para criar desenhos divertidos para o verso das suas cartas. Adeque o número de cartas a idade dos jogadores. Poucas cartas podem ser ideal para crianças pequenas e para quem está aprendendo a jogar. Conforme o interesse e desenvolvimento dos participantes aumente o número de pares nas partidas. Também é possível variar os animais entre as jogadas aumentando o interesse das crianças pela vida marinha.

# LISTA DE ESPÉCIES

## Aves

Atobá (*Sula leucogaster*)  
Gaivota (*Larus dominicanus*)  
Fragata (*Fregata magnificens*)

## Répteis

Tartaruga-verde (*Chelonia mydas*)  
Tartaruga-de-pente (*Eretmochelys imbricata*)

## Invertebrados

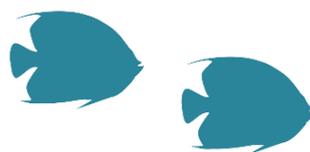

Estrela-do-mar (*Echinaster brasiliensis*)  
Ouriço (*Lytechinus variegatus*)  
Anêmona (*Bunodosoma caissarum*)  
Orelha-de-elefante (*Phyllogorgia dilatata*)  
Coral-de-fogo (*Millepora alcicornis*)  
Coral-estrelinha (*Siderastrea stellata*)  
Coral-cérebro (*Mussismilia hispida*)  
Molusco (*Echinolittorina ziczac*)

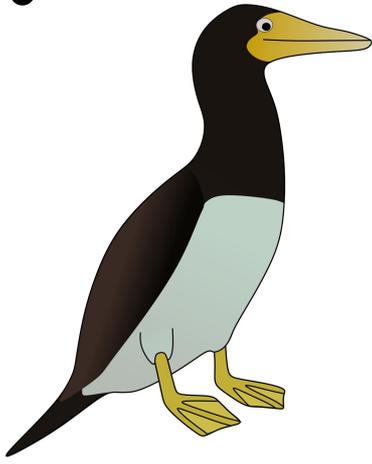

## Algas

Alga parda (*Sargassum vulgare*)  
Alga vermelha (*Pterocladia capillacea*)  
Alga verde (*Caulerpa racemosa*)

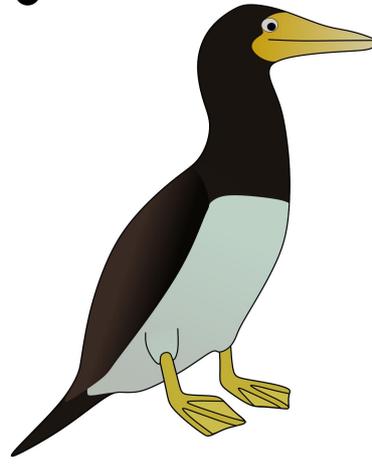

## Peixes recifais

Peixe-borboleta (*Chaetodon striatus*)  
Peixe-anjo (*Pomacanthus paru*)  
Bodião (*Budianus puchelus*)  
Bodião-azul (*Scarus trispinosus*)
